

PayFlow

Instant Cross-Border Payments for ASEAN SMEs

Seed Round — May 2026

The Problem

SME exporters lose 3-5% on every cross-border payment

- ✓ Multiple intermediary banks (3-5 hops per transaction)
- ✓ Hidden FX markups averaging 2.1%
- ✓ Settlement times of 3-5 business days
- ✓ Lack of transparency in fee structures

Malaysian SME exporters collectively lost RM 1.2B in payment fees in 2025
